General Terms

Your satisfaction is paramount to us. When dealing with a perishable product time is of the essence to ensure a quality product that meets with your satisfaction. The following guidelines have been developed over the years to ensure your overall satisfaction and our ability to provide you with a competitive price and quality service. Copies of our installation and maintenance guides are available on request, and can also be found on our website at www.earthimagesinc.com.

Ordering:

- Orders must be cancelled at **least four hours in advance** of the pickup or delivery time.
- **All sod orders must be placed through our Madison office at (812) 866-5726. Office hours are Monday - Friday, 7:30am - 4:00pm. EST**
- Sod is sold in 9 sq.ft. increments. One roll equals 9 sq.ft.
- To determine the quantity of sod you need, multiply the length in feet times the width in feet the result is the total number of square feet required. (10' x 10' = 100 sq.ft.)

ORDER PICKUP - MADISON

Scheduled orders are available for pickup at our Madison Office **anytime** during regular business hours.

ORDER PICKUP - FLOYDS KNOBS

Orders Placed On:	Available For Pick-Up:
Monday <i>til</i> 9:00am	Monday <i>after</i> 3:00pm
Tuesday (any time)	Wednesday <i>after</i> 3:00pm
Wednesday <i>til</i> 9:00am	Wednesday <i>after</i> 3:00pm
Thursday (any time)	Friday <i>after</i> 3:00pm
Friday <i>til</i> 9:00am	Friday <i>after</i> 3:00pm

Pickup:

- It is the customers responsibility to bring necessary straps, tarps, plastic, etc., for load securement.
- The customer is responsible for bringing adequate transportation to haul the product. Sod can range between 40 pounds per roll or 4.5 pounds per sq.ft. dry weight to as much as 60 pounds per roll or 6.75 pounds per sq.ft. wet weight. Weight is entirely dependent on moisture and can fluctuate often. Based on dry weights, the trunk of an average car can hold about 8 rolls (72 sq.ft.), a mid-sized sport utility vehicle can hold about 20 rolls (180 sq.ft.), a half-ton pickup can hold about 30 rolls (270 sq.ft.), a three-quarter ton pickup can hold about 45 rolls (405 sq.ft.), and a one-ton pickup can hold about 65 rolls (585 sq.ft.).
- We will load the product as directed by the customer. However, we can not modify an individual's vehicle components in order to get the load to fit.
- **Orders not picked up by the time indicated:** Keeping in mind that sod is a living, perishable, product it is imperative that orders are picked up on time. We can not re-sell orders that are not picked up on time or not picked up at all, as the quality is no longer certain. Orders that are not picked up on time, or not picked up at all are the customer responsibility to pay in full.

Delivery:

- Delivery and forklift unloading are optional services that are available at an additional fee.
- Allow 1 to 7 days when scheduling sod for delivery. Remember that sod is a living product that must be harvested within hours of delivery. Days of continuous rain can prohibit us from harvesting sod for several days.
- Demurrage charge. After 45 minutes, \$50.00/hour
- Buyer or representative for the buyer must be onsite to accept delivery.
- Pallets of sod can be placed as requested by the buyer, provided that our forklift can get to the requested area. We need an opening ten feet wide to get the forklift through. We can not drive on public property, neighbors lawns, or excessively steep gradations.

Payment:

- All orders are C.O.D. unless an approved charge account has been established. We accept cash, personal checks, MasterCard and Visa. We do not accept third-party checks. Checks returned for insufficient funds will be charged a \$30.00 fee.
- All charge accounts have net 30-day terms. Delinquent invoices will be charged a 1.5% interest fee until the account has been paid.
- All orders will be charged sales tax unless a tax-exempt certificate is supplied.
- No cash refunds for returned pallets and tubes. A refund check will be mailed to you or payment will be credited to your charge account.
